## Events and Announcements

### Siebel Systems announces 2003 Siebel Scholars

The Siebel Scholars Program was established to recognize outstanding graduate students at the world's most prestigious business and computer science schools. Based on academic merit and leadership excellence, five students from each institution are honored as 2003 Siebel Scholars and receive a \$25,000 cash award to defray tuition costs and expenses for the second year of their graduate studies.

This year's winners are CS students Anthony Lobay, Yaping Li, Katherine Everitt, Manikandan Narayanan, and John Edwards. Congratulations!
